The models most suited to your physical build are marked with the 👍 symbol in the column that matches your trouser size*.

All models are UNISEX.

2 Test the saddle

Visit our website, send us an e-mail or call us to find your nearest **SMP4TEST dealer**. You can test a saddle on your bike without any purchase obligations. A short adjustment period may be required for the new saddle: to guarantee the reliability of the test, you should ride the saddle at least four-five times, making the necessary adjustments.

For further information on assembly and adjustments, see the instructions at:
